Enhancement Vs Manipulation

AI has brought photography almost to its designing board, but its role in salons and contests remains in a delicate balance. Many photography contests now explicitly ban AI-generated images, ensuring that every entered image originates from a film or sensor rather than an algorithm. However, AI-powered editing tools are highly efficient and are even celebrated, for their ability to complete and enhance a photographer's work.

AI as a Digital Darkroom

Just as film photographers once used to spend hours perfecting their images in the darkroom, today's digital photographers rely on AI-driven software to enhance their shots. Tools like Adobe's Generative Fill, Topaz AI, Neo can sharpen details, remove distractions, and enhance lighting in ways that were once done painstakingly manual. These enhancements don't replace the photographer's vision—they amplify it.

What is fair / what is not

In salons, the key distinction is between enhancement and manipulation. Basic AI-driven adjustments—noise reduction, exposure balancing, and minor object removal—are generally fair game. But major alterations, such as replacing entire backgrounds or adding elements that weren't in the original scene, often cross the line into digital art rather than pure photography which have been banned from Nature, Travel, World in Focus and PJ genres for a long time.

Embracing AI Without Losing Authenticity

Photographers must know the rules and ensure their edits maintain the integrity of the original image. Many competitions now require RAW files to verify the extent of post-processing. While AI can sharpen, color-grade, and de-noise, the essence of the photograph—the decisive moment, the composition, the emotion—must still belong to the photographer.

In a recent FIAP Nature Biennial many images from India as well as abroad were rejected and penalized as the authors had manipulated vigorously.

As AI tools grow more sophisticated, the challenge for photographers is not to resist them but to use them wisely. When applied ethically, AI can help photographers push their creative limits while ensuring that competitions remain a celebration of true photographic skill.

Guys when you add your distinctions/honours with your name, please follow the advice :

- 1. FIP/FIAP distinctions obtained on your photographic achievements should be mentioned first.**
- 2. All other distinctions from other photographic bodies on your photographic achievement will follow.**
- 3. All your distinctions for your service to photography like Hon. FIAP, ESFIAP, Hon. FIP and similar distinctions will follow.**

All Salon organizers must follow a transparent policy regarding discount to FIP Corporate Clubs. The stated entry fee in the COE should be uniform for all individual entrants as well as Corporate Clubs. No group entries and awards, other than from Corporate clubs are permissible.

“THE DRY LIFE”

SAIKAT ROY

Photography is not just an art—it is a profound connection with the environment, culture, and way of life. Through the lens, we bridge the gap between people and places, preserving fleeting moments that tell timeless stories. Each image we capture becomes a cherished memory, a testament to our journey.

Yet, for those who find themselves on the other side of the camera, the purpose of our photography remains

unknown. They often ask, “Why are you taking my picture?”—a question that deserves an honest and heartfelt answer. As photographers, it is our responsibility to acknowledge their curiosity, respect their presence, and share the deeper meaning behind every frame we capture.

As decided, myself and my five friends (Arnab Mitra, Saikat Roy, Somnath Naiya, Subhadip Biswas, Tapas Pal) set off for Frasersganj with the passion for

photography. In fact, we set off last January with the idea of capturing the life stories of people involved in dried fish. After spending two days with those marginalized people, we got a broad idea about their lives. And what we learned was that the lives of people involved in dried fish are not at all dull, but rather very bright and joyful. For about four to five months (October-February), their lives seem to develop within these dried fish. Starting from their children's education to their food and drink, everything seems to grow with the fish dried in the hot sun. Their worship rituals, temple construction, work and religion all go hand in hand for these few months. On the way back after collecting all those pictures, we decided that if their photographic life can be returned to them through photographs, then nothing can be better than that.

On 8th and 9th of March, an open-air exhibition was organized on the sea beach of Bakkhali, which especially left a mark on the people. Not only in Bakkhali, it spread to different people of the city. "The Dry Life." We got a lot of support from FIP CM namely KOLKATA SHADOWLINES, FIP/CM/1036.

This exhibition was not just about dried fish; it was about the people whose lives

are intertwined with it—their struggles, resilience, and the quiet poetry of their daily existence. Set against the vast expanse of the sea, the exhibition transformed the beach into an open-air gallery, where fishermen, traders, and their families saw their own reflections in the printed images. Their joy, pride, and astonishment made the experience truly unforgettable. Through this effort, we honoured their unseen labour and brought their stories to light, celebrating the spirit of a community that thrives in the rhythm of the tides.

Our vision :

- This type of our endeavor may bring attention to remote communities and their businesses that may not typically receive the recognition they deserve. Through visual storytelling, it highlights their culture, lifestyle, and entrepreneurial efforts.
- The exhibition can create an opportunity for a cultural exchange,

showcasing the diversity of remote regions. Visitors can learn about the unique ways people in these areas live and work, which can help foster greater understanding and respect.

- By showcasing remote businesses through compelling photography, the exhibition may attract potential buyers, investors, or collaborators, helping to stimulate the local economy.
- For the people in these remote areas, the exhibition can serve as an empowerment tool, making them feel seen and appreciated.

- The exhibition can also give them exposure to a wider audience, including the press, influencers, and potential customers.
- With remote areas often being isolated, a photography exhibition can act as a bridge to the global marketplace, offering these communities new opportunities that would otherwise be hard to access.

INFO 313 / 2025 E

The text provided below must be included in the salon rules of events organized under FIAP patronage which contain a "Nature" section.

The new definition which has been worked out together with officials of respective departments of PSA, takes effect immediately.

FIAP Nature definition

Content Guidelines

Nature photography records all branches of natural history except anthropology and archaeology. This includes all aspects of the physical world, both over water and underwater.

Nature images must convey the truth of the scene. A well-informed person should be able to identify the subject of the image and be satisfied that it has been presented honestly and that no unethical practices have been used to control the subject or capture the image. Images that directly or indirectly show any human activity threatening a living organism's life or welfare are not allowed.

The most important part of a Nature image is the nature story it tells. High technical standards are expected, and the image must look natural.

- Objects created by humans, and evidence of human activity, are allowed in Nature images only when they are a necessary part of the Nature story.
- Photographs of human-created hybrid plants, cultivated plants, feral animals, domesticated animals, human-created hybrid animals, and mounted or preserved zoological specimens are not allowed.
- Photographs made where the scene is natural and the animal is unharmed in a carefully managed environment, such as Zoo, rescue centers, and ethically managed natural environment farms are permitted.
- Attracting or controlling subjects through the use of food or sound for the purpose of photographing them is not allowed. Maintained situations such as provided supplemental food due to hardship caused by weather conditions or other conditions beyond the animal's control, where photography is incidental to the feeding of the animal does not fall under this provision.
- Controlling live subjects by chilling, anaesthetic, or any other method of restricting natural movement for a photograph is not allowed.
- Human-made elements shall be permitted under the following circumstances:
 - a) When they are an integral part of the nature story, such as a songbird singing atop a fence post a manmade object used as nest material, or a weather phenomenon destroying a man-made structure.
 - b) When they are a small but unavoidable part of the scene, such as an unobtrusive footprint or track in the background.
 - c) Scientific tags, collars, and bands are specifically allowed.

When photographing at a zoo, sanctuary, or rehabilitation centre, it would be construed that the photographer ensured that it's properly accredited and conforms to best practices.

Wildlife Photography

In addition to the restrictions on nature photography, to be eligible for any Wildlife award and acceptance, images must meet the following conditions:

- Zoological organisms must be living free and unrestrained in a natural or adopted habitat of their own choosing.
- Images of zoological organisms that have been removed from their natural habitat, are in any form of captivity or are being controlled by humans for the purpose of photography are not allowed.
- Botanical organisms may not be removed from their natural environment for the purpose of photography.
- Images that have been staged for the purpose of photography are not allowed.

Editing Guidelines:

Processing or editing must be limited to making the image look as close to the original scene as possible, except that conversion to grayscale monochrome is allowed.

Allowed editing techniques:

- Cropping, straightening and perspective correction
- Removal or correction of elements added by the camera or lens, such as dust spots, noise, chromatic aberration and lens distortion
- Global and selective adjustments such as brightness, hue, saturation and contrast to restore the appearance of the original scene
- Complete conversion of colour images to grayscale monochrome
- Blending of multiple images of the same subject and combining them in camera or with software (exposure blending or focus stacking)
- Image stitching - combining multiple images with overlapping fields of view that are taken consecutively (panoramas).

Editing techniques that are not allowed:

- Removing, adding to, moving or changing any part of an image, except for cropping and straightening.
- Adding a vignette during processing
- Blurring parts of the image during processing to hide elements in the original scene
- Darkening parts of the image during processing to hide elements in the original scene
- All conversions other than to complete grayscale monochrome
- Conversion of parts of an image to monochrome, or partial toning, desaturation or over-saturation of colour

New FIAP Patronage Regulations

New FIAP Patronage Regulations

The new patronage regulations will be mailed out to affiliates soon. Due to some delays in finalizing some of the detail, this document could not be sent earlier in the year, and thus the new regulations will not take effect at the start of 2024 as previously planned. These new regulations will instead become effective for salons/exhibitions which have a closing date AFTER the 30th April 2024.

Some of the changes in the regulations have been implemented as a result of the ongoing collaborative work with the PSA. A new Memorandum of Understanding was recently signed by FIAP and PSA in October that further detailed the agreements being made by both organisations. An article, written by Joanne Stolte, who is both the FIAP Liaison Officer for the USA and the PSA International Partnerships Emissary, can be read in the Events section of this edition of FIAP News.

Here are the major amendments in the new FIAP Patronage regulations:

- a revised FIAP/PSA definition for Nature/Wildlife, that is still being finalised. Set subject definitions are an appendix to the main regulations. This appendix will be published soon.
- applications for new events that only have digital sections, that have not had FIAP Patronage previously, must submit their Patronage application at least 3 months before the event's closing date; if these events have previously been granted Patronage, then they must submit their Patronage application at least 2 months before their closing date;
- applications for any events with print sections must submit their Patronage application at least 4 months before the event's closing date and the salon's entry details and entry process must be available to entrants at least 3 months before the event's closing date; this is in order to give participants sufficient time to send in their works,
- FIAP recommends that organizers do not flood Facebook and other social media sites with marketing posts for their event;
- all judges engaged to judge a salon that is using online judging shall have a minimum of ten (10) days to score images before the award selection meeting;
- For the youth age categories in youth salons the older age category will be for entrants under the age of 25 before the closing date for entries;
- no salon FIAP Patronage fees will be charged for salons exclusively organised for youth and for each of these Youth salons, regardless of the number of sections offered in the Youth Salon; FIAP will also sponsor one set of 3 medals for each of the two age categories in a Youth Salon;

- the “Travel” section will no longer be an option for salons with FIAP Patronage and will be replaced by the option to have a “World in focus” section. The definition for this section is shown below;
- there is a new FIAP/PSA definition for Photojournalism; this is also shown below;
an author may not enter identical or similar photographs into the same salon; in such case the organiser has to filter these images out before the judging;
- each salon participant cannot receive more than one award per section in the same salon.
- awarded medals must either be engraved by the organiser or, at least, provided with a sticker that includes details such as the name of the participant and the title of the picture for which the award was given;
- pictures created by artificial intelligence are not allowed in any salon with FIAP Patronage! All parts of the image have to be photographed by the author who is holding the copyright of all works submitted. Offenders will be sanctioned for life!
one person cannot act more than fifteen times a year as member of a jury in a salon under FIAP patronage;

The New FIAP Definition for “World in Focus”

Just as with travel and tourism pictures, this section encompasses the full range of photographic genres from architecture, culture, events, food, landscape, portraits, etc. A “WORLD IN FOCUS” image expresses the spirit of an era, the essence of a place or of a culture whether it is shown in an authentic scene or whether it is arranged. Digital manipulation to optimize an image in terms of fine tuning of levels and colours is allowed as long as the image looks natural. The same applies for removal of dust or digital noise. Techniques that add, relocate, replace, or remove any element of the original image, except by cropping, are not permitted.

The New FIAP/PSA “Photojournalism Definition”

Photojournalism entries are images with informative content and emotional impact, reflecting the human presence in our world.

Content Guidelines

- The journalistic (story-telling) value of the image should receive priority over pictorial quality.
- Images that misrepresent the truth, such as those from events or activities arranged specifically for photography, or of subjects directed or hired for photography, are not eligible.
- When Human Interest is specified, those images depict a person or persons in an interactive, emotional or unusual situation, excluding sports action.

Editing Guidelines

Processing or editing must be limited to making the image look as close to the original scene as possible.

Allowed editing techniques:

- Cropping, straightening and perspective correction.
- Removal or correction of elements added by the camera or lens, such as dust spots, noise, chromatic aberration and lens distortion.
- Global and selective adjustments such as brightness, hue, saturation and contrast to restore the appearance of the original scene.
- Complete conversion of color images to grayscale monochrome.
- Blending of multiple images of the same subject and combining them in camera or with software (exposure blending or focus stacking);
- Image stitching – combining multiple images with overlapping fields of view that are taken consecutively (panoramas);

Editing techniques that are not allowed:

- Removing, adding to, moving or changing any part of an image, except for cropping and straightening.
- Adding a vignette during processing.
- Blurring parts of the image during processing to hide elements in the original scene.
- Darkening parts of the image during processing to hide elements in the original scene.
- All conversions other than to complete grayscale monochrome.
- Conversion of parts of an image to monochrome, or partial toning, desaturation or over-saturation of color.

ALL SALON ORGANIZERS AND WEBMASTERS TO NOTE

Dear Salon Organizers/Webmasters,

Warm greetings from FIP, Patna, India.

Please be informed that FIAP DOC 033/2021 has been replaced with FIAP DOC 038/2023 E.

The amended undertaking by the entrant to all FIAP Salons will be "I hereby expressly agree to FIAP document 040/2023 E «Conditions and regulations for FIAP Patronage » and FIAP document « Sanctions 038/2023 E for breaching FIAP regulations and the red list ». I am particularly aware of chapter II « Regulations for International photographic events under FIAP patronage » of FIAP document 040/2023 E, dealing under Section II.2 and II.3 with the FIAP participation rules, the sanctions for breaching FIAP regulations and the red list."

FIAP documents 040/2023 E and 038/2023 E must be linked to this paragraph so that participants can consult it.

Please amend your Salon documents accordingly and urgently.

Thanks.

All new Salon Patronage Application must be accompanied by the draft of Salon Rules including Salon Fee. No Group can be considered as a club hence groups must not be given any award etc.

It has come to our notice that some Salon organizers are offering far too many PDF CMs. There must be a fair balance between acceptances, Medals and CMs including Ribbons. FIP has issued a new guideline. The Ratio between FIP Medal and CM/Ribbon must be 10 or below. 1 FIP Medal = 10 FIP Ribbon/CM.

**Starting from April 2023
FIP Salons/Circuits can be judged offline/online.
The period for online judging must be 10 days.
FIP/FIAP combined Salons/Circuits will be judged
offline/online as per FIP/FIAP approval.**

APPEAL TO ALL WEBMASTERS REGISTERED WITH FIP AND SALON ORGANIZERS

THE 10 COMMANDMENTS

Dear Friends,

FIP is receiving far too many incomplete, wrongly filled up Patronage Forms. Some of the common mistakes are :

1. Genre of theme not mentioned.
2. SDAS details not furnished. If it is a circuit all the participating clubs' SDAS must have been furnished.
3. The current Patronage form is Version VIII available in 2024 issue of Viewfinder.
4. FIP membership status of all the jury members must be filled up.
5. Preliminary round of online judging should be completed within the 1st 10 days.
6. Online link for the Award round must be shared with the Team Salon Saathi. Salon Saathi members participating in the Salon will be relieved of this responsibility.
7. Screen Shots of Zoom/Google Award meeting showing all the Jury members preferably with Chairperson must be sent to Team Salon Saathi.
8. While the Salon organizers are free to fix their entry fees, I see exorbitantly high entry fee being levied by some of the reputed Salon organizers.
9. The Salon Patronage form has been changed. The current one is Version IX and printed in the current issue of Viewfinder. Please make sure that you do not use any other previous versions to avoid unnecessary communications and delays.
10. All Salon organizers are duty bound to have a formal exhibition of the Print/Digital work. They must formally send an invitation to FIP who will delegate a dignitary to represent FIP in the Inaugural function of the Exhibition.

FIP DEFINITION OF DIVISIONS AND SECTIONS

PID Colour

The subject matter is unrestricted for PID images in separate colour and monochrome section. There may be a theme specified for some PID Salons and the exhibition's definition of the theme should be consulted with the organizer.

In accordance with Para II.8 E of FIAP DOC 040/2023 E "Pictures created by artificial intelligence are not allowed in this salon ! All parts of the image have to be photographed by the author who is holding the copyright of all works submitted. Offenders will be sanctioned for life!"

All elements of the image must have been shot by the author. All parts of the image including graphics have to be photographed by the author holding copyright of his submitted works. Use of some filters available on net is permissible.

Same images either colour or mono in two different section of the same Salon will result in disqualification for both the images.

Monochrome Definition:

An image is considered to be Monochrome only if it gives the impression of having no colour (i.e. contains only shades of grey which can include pure black and pure white) OR it gives the impression of being a greyscale image that has been toned in one colour across the entire image. (For example by Sepia, red, gold, etc.)

Nature Photography definition:

Nature Photography is restricted to the use of the photographic process to depict all branches of natural history, except anthropology* and archaeology*, in such a fashion that a well-informed person will be able to identify the subject material and certify its honest presentation. (Suggested*: An example will be helpful to the New Jury).

The story telling value of a photograph must be weighed more than the pictorial quality while maintaining high technical quality.

1. Human elements must not be present, except where those human elements are integral parts of the nature story such as nature subjects, like barn owls or storks, adapted to an environment modified by humans, or where those human elements are in situations depicting natural forces, like hurricanes or tidal waves.
2. Scientific bands, scientific tags or radio collars on wild animals are permissible.
3. Photographs of human created hybrid plants, cultivated plants, feral animals, domestic animals, or mounted specimens are ineligible.
4. Techniques that add, relocate, replace or remove any element of the original image, except by cropping, are not permitted. Conversion to infrared, either by digital

technique or by original technique is not allowed. Stitching of two or more image is not permitted.

5. Complete conversion to grey scale Monochrome is allowed but without partial or complete toning.
6. It is perfectly legal to remove dust, flares or digital noise. Minor global colour / tone correction is OK as long as it is not selective and the final image looks natural but not dramatic. Dodge and Burn tool is for you only but use it judiciously. Selective darkening of background is prohibited. Techniques like panning, slow shutter speed or in-exposure zooming are part of your creativity. Use of filters like Polarizers and NDs are ok.
7. Drone Photography in the National Parks of India is illegal except with prior written permission from the concerned authorities. Drone images of Wild animals will be disqualified.
8. Welfare of the subject is extremely important. Use of live bait is totally prohibited. Relocated nest is a big NONO and jury members should not award Nest images.

Images entered in Nature section meeting the Nature Photography Definition above can have landscapes, geologic formations, weather phenomena, and extant organisms as the primary subject matter. This includes images taken with subjects in controlled conditions, such as zoos, game farms, botanical gardens, aquariums and any enclosure where the subjects are totally dependent on man for food.

Wildlife

Where exhibitions or competitions have a Wildlife Section or are giving a Wildlife Medal the following applies:

Images entered in Wildlife Sections meeting the Nature Photography Definition above are further defined as one or more extant zoological or botanical organisms free and unrestrained in a natural or adopted habitat.

Landscapes, geologic formations, photographs of zoo or game farm animals or of any extant zoological or botanical species taken under controlled conditions are not eligible in Wildlife sections.

Wildlife is not limited to mammals, birds and insects. Marine subjects and botanical subjects (including fungi and algae) taken in the wild are suitable wildlife subjects, as are carcasses of extant species.

NEW POLICY FOR FIP RECOGNIZED SALON ON PTD & WIF SECTION

1. Organisers only seeking FIP approval will be free to chose from PTD and or WIF and acceptances and awards received will be valid for FIP distinctions
2. Organisers seeking FIP and FIAP approval will only get approval for WIF

3. Organisers seeking FIP. FIAP as well as PSA can have approval of both sections but for FIAP only WIF will count.

Photo Travel guideline for FIP:

1. A travel image depicts features of a culture, place or people as found naturally, anywhere in the world.
2. Portraits, close-up shots, and images of groups or objects should contain contextual elements that reflect the surrounding environment or location ensuring that the image doesn't appear staged or artificially arranged.
3. The image should not be a SET UP image and it should not be a directed image.
4. It should not be from a PHOTO WORKSHOP where a troupe dances for the workshop organizer or HORSES are made to run in dust or water or an individual shows his acrobatics on payment of a fee.
5. Many monasteries have religious festivals with dances etc and it is perfectly legal to submit such images though you may have paid an entry fee. Same is true for ballet and other stage shows.
6. Images shot at fairs where the subject is obviously posing for you, with or without payment, is only good for pictorial section. On the other hand a candid image is good for PT section. 28 VIEWFINDER FEBRUARY, 2024
7. Techniques that add, relocate, replace or remove any element of the original image, except by cropping, are not permitted. Conversion to infrared, either by digital technique or by original technique is not allowed. Stitching of two or more image is not permitted.
8. Complete conversion to grey scale Monochrome is allowed but without partial or complete toning.
9. Digital correction of distortion is acceptable.
10. It is perfectly legal to remove dust, flares or digital noise. Minor global colour / tone correction is OK as long as it is not selective and the final image looks natural but not dramatic. Dodge and Burn tool is for you only but use it judiciously. Correction of perspective is perfectly legal. Techniques like panning, slow shutter speed or in exposure zooming are part of your creativity. Filters like Polarizers and NDs are ok but star effect or rainbow filters are illegal.
11. Drone photography is OK as long it is legally permissible in that part of the world. In India use of DJI Mavic Mini model of Drone is perfectly legal, except in areas where Drone Photography is prohibited by the authorities like National Parks etc.
12. Finally, be sensitive to the community or people whom you are shooting. Care for your subjects and care for your fellow photographers as well. If someone doesn't wish

to be photographed, please respect the person's feelings and greet her or him with a sweet smile before parting ways.

The New FIAP Definition for “World in Focus”

Just as with travel and tourism pictures, this section encompasses the full range of photographic genres from architecture, culture, events, food, landscape, portraits, etc. A “WORLD IN FOCUS” image expresses the spirit of an era, the essence of a place or of a culture whether it is shown in an **authentic scene or whether it is arranged**. Digital manipulation to optimize an image in terms of fine tuning of levels and colours is allowed as long as the image looks natural. The same applies for removal of dust or digital noise. Techniques that add, relocate, replace, or remove any element of the original image, except by cropping, are not permitted.

7. Techniques that add, relocate, replace or remove any element of the original image, except by cropping, are not permitted. Conversion to infrared, either by digital technique or by original technique is not allowed. Stitching of two or more image is not permitted.

Photojournalism Definition:

1. Photojournalism entries should be images with informative content and emotional impact, reflecting the human presence in our world. The journalistic (story-telling) value of the image shall receive priority over pictorial quality. In the interest of credibility, images that misrepresent the truth, such as those from events or activities specifically arranged for photography or of subjects directed or hired for photography, are not eligible.
2. Techniques that add, relocate, replace or remove any element of the original image, except by cropping, are not permitted. The only allowable modifications are removal of dust, scratches or digital noise, restoration of the existing appearance of the original scene, sharpening that is not obvious, and conversion to grey scale monochrome. Derivations, including infrared, are not eligible. All images must look natural.

Human Interest Definition:

Human Interest images depict a person or persons in an interactive, emotional, or unusual situation, excluding recreational or sports action.

Salon Scoring System to be followed by all FIP Salons

Primary and Award rounds

PRIMARY ROUND

1. Score of 1 is reserved only for images which transgress the barrier of the Section in which the image has been entered for or if there is a Water Mark on the image disclosing the ID of the Author even in a remote manner.
2. Score of 2 is marked when a Jury thinks the Image is not worth exhibiting in that Salon.
3. Score of 3 is marked when a jury thinks the image is good for exhibition as long as other jury members concur.
4. Score of 4 is marked when a jury thinks the image is definitely worth exhibiting and may even be considered for Award as well.
5. Score of 5 is marked when a jury recommends the image for Award in no uncertain way.

Jury members are well within their rights to consult among themselves during the primary round. For any suspicious image jury panel is free to ask the author for RAW/JPEG sequence files with a short note explaining the enquiry. If the time is short the Chairman can call the author. Sometimes the author may be traveling therefore the author may take 5 to 10 days for compliance.

AWARD ROUND

In India and FIP we generally follow the system of 16 (5) to 25 marks

1. During the Award round the number of selected images are generally three times the number of Awards. Maximum an Image can score is 75 and generally speaking there is no discussion if only one image has scored the highest mark.
2. In case of a tie-break, the jury members can discuss among themselves and with consensus they have the right to down score / upgrade the marks awarded to an Image to finalize the winner.
3. During the Award round the Images need to be scrutinised carefully for any violations of Salon and Section rules and infringements. Some violations are obvious and immediate actions are taken. For some, it is imperative to ask for the RAW or original serial JPEG files.
4. Till the Award round is over the author's name is not disclosed to anyone.

Role of the Organizer and Web Masters (Web Masters are part of the Organizing team)

1. It is the Organizers Solemn duty to safeguard the interests of the Entrants. Make no mistake, it is an Entrants' show.
2. Non jury members present during any Jury session should never prompt in any way.
3. The judging ambience should be as per the standards mentioned in the rule books. The rooms should be well lighted and standard facilities for men and women jury members should be made available.
4. Separate place for smokers is mandatory and so is regular supply of Soft Drinks/Tea etc.

5. Guests and club members are welcome to watch the scores being marked by the jury members without interfering in any way.
6. The Salon / Circuit Chairperson is the supreme authority and in any case of dispute he or she has the veto power but scores of 2-5 and awards cannot be challenged by the chair.
7. Before commencement of Jury Session, the Chairman shall provide each Jury Member a printed copy of the above scoring Guidelines and inform / remind them to award the Score 1 strictly as per the Guidelines.
8. In any FIP recognised Salon if an author has received a score of 1 on any of his/her Image, the Author may seek a clarification on the same from the Organizers and the latter shall have to provide the clarification in writing to the Author with copy to the FIP.
9. All Salon Organizers can have only 1 (one) 'Chairperson choice award' per Section. This Award MUST be selected from the Images selected in the AWARD ROUND only. This must be clearly mentioned in the Salon Rules.
10. DISCOUNTS are the integral part of Indian Society. All discounts must be clearly mentioned in Salon rules and regulations. FIP Salons provide 30 % discount to all Senior citizens, Female entrants and Disabled and youths as well by default. Group discount is also limited to 30% of the fee. Individual organizers are free to provide more or less discounts BUT it must be clearly mentioned in the Salon rules. Violations will attract sanctions lasting up to 3 years or even more. FIP "Salon Saathi" has a strong network and can smell murky deals easily. Remember, it was FIP which smelt the foul play in MPC Salon 3 years ago and alerted FIAP and PSA.
11. FIP will NEVER ask for your bank statement as we believe it is an infringement of your privacy and rights.
12. Over all Acceptance MUST NOT be more than 30% of total entries received in each section.
13. Any violations of Salon or Section Rules should be promptly referred to FIP with complete evidence.
14. FIP has an active Ethics and Disciplinary Committee in place. I reassure all concerned that this committee is NOT a TLT (Tooth Less Tiger) and we SHALL not hesitate from taking action against any one, if found guilty beyond reasonable doubt.
15. Members of the Organising Committee and Web Masters should NOT be the Jury member.
16. Organising club can have its members as Jury but members of the club cannot participate if more than one Jury members are from the same club.
17. Jury members cannot participate in the same Salon or a Circuit (Any leg of a Circuit).

18. All jury members must have proper qualification and appropriate experience with distinctions and honours from FIP/ FIAP/RPS and PSA
19. FIP (Form 3) is being redesigned to have Section wise names of the Jury members. Nature is the most technical section and hence Nature section MUST have at least two experienced Nature Jury members. Sooner than later, this requirement will change to three as FIP is planning for Accredited Nature Salon Jury members.
20. All potential jury members are here by reminded that they are entitled to be on the jury panel of 15 International FIP/FIAP patronage Salon. They are also entitled to 10 FIP National only patronage Salon.
21. All FIP patronage applications for National Salons must reach the FIP office 3 months before the closing date. For International Salons must apply 6 months (180 days) in advance before the proposed closing date and following Calendar schedule should be followed:
 - 1) Launching of Website 60 days before the Closing date.
 - 2) Jury meet within 15 days of the Closing date.
 - 3) Declaration of Results 15 days from Jury meeting.
 - 4) Individual score cards should be sent to the individual entrant's mailbox within 3-5 days of result.

 - 6) SDAS 30 Days from Result.

 - 8) Salon Closure report to FIP within 75 days of the Result. This is not SDAS.

GUIDELINES

All potential Salon organizers are hereby requested to send the **SOFT COPY** of the Salon Recognition Form on barunks@hotmail.com only. federationofindianphotography@gmail.com is NOT checked on daily basis.

A Salon held in India is a National Salon as long as it has only FIP recognition. Foreigners may participate but the status will remain National.

All FIP salons from now onwards are open to participation by foreigners. Salons accepting foreign entries will be treated as international for Salon Recognition fee. Already few foreigners have taken our distinctions. For them the acceptance criteria in National Salons is waved off. In the near future this waiver will be withdrawn and will benefit the National Salon Organisers.

FIP recognised photographic courses

FIP is always willing to help the clubs who run photographic courses. Since the clubs earn a decent money it is but logical that FIP gets a fair share of the earnings. FIP is aware that some clubs are indulging in all kind of tricks to avoid paying the full amount due to FIP. I wish to tell such clubs and their worthy officials that **“ your club may become rich by denying few thousand bucks to FIP but believe me FIP will not become poor by your acts ”** and your lost goodwill and credibility will be worth 100 times more the amount for which FIP was taken for a ride.

From April 2020 all new courses registered with FIP will be charged Rs. 10,000.00 as registration fee per batch upto 20 students. If the number of students are more than 20, Rs. 500 per student will be charged.

1) 25 students x Rs. 500.00 = 12,500.

2) 30 students x Rs. 500.00 = 15,000 and so on.

At the end of the course FIP will furnish certificates to all the registered students only. All the certificates will be printed by FIP in a similar design. FIP logo and the corresponding club's logo will be there with two signatures from the club and one from FIP.

Secretary General will NOT pen his signature on any other certificate.

FIP is fully aware that some clubs are using FIP logo on their course certificate illegally. I hope this unethical practice will stop in future.

JURY PRIVILEGE

All potential jury members are here by reminded that they are entitled to be on the jury panel of 15 International FIP/FIAP patronage Salon. They are also entitled to 10 FIP National only patronage Salon.

GUIDELINES FOR NEW SALON ENTRANTS

Salon Photography is one of the most rewarding form of photography and if followed seriously will lead to almost certain improvement in your photography. But pitfalls are there. With the lightroom, photoshop and other editing tools available so easily that a new comer starts using them for all genre of photography which leads to disciplinary action which is totally preventable.

FIP emphasizes and request all photographers, whether a new comer or a seasoned one to use the editing software with discretion.

Even the slightest manipulation (removing or adding any element) in Nature, Travel, World in Focus and Photojournalism sections are strictly forbidden. Global colour and tone correction, Judicious use of dodge and burn tool is allowed and so is removal of sensor dust and noise. Cropping is your right. Never use clone tool.

In the pictorial sections of colour and monochrome there are no such restrictions.

The bottom line is “you must have the RAW file or Serial JPEG file” before you contemplate to enter your image in a Salon.

Not knowing the rules and regulations is not an excuse.

Follow the above guidelines and enjoy your Salon photography.

Attention

Payment received by FIP : All payment to FIP must be done online only. Our bank details are mentioned on the membership form.

FIP Salon organisers :- Please note that FIP office needs three signatures from Salon Secretary on the form (1st page, 2nd page and the last page for salon fee. Similarly Salon Chairman needs to sign at two place. 1st and 2nd page only. We must know what is the likely Salon fee.

FIP office must receive the hard Copy of Salon Recognition form before it can be processed.

All entrants must possess original RAW/ JPEG files entered. Failure to comply may result in cancellation of entries or worse being Red Listed.

All National and International salon entries must comply with the following file sizes

Maximum horizontal size is 1920 pixels. Maximum vertical size is 1080 pixels in 300 DPI. This has become mandatory from 1st April 2020 in all the FIP recognized Salons. Maximum file size 2 MB.

PRIVILEGE AND RIGHT

FIP wishes to underline that all the facilities provided by FIP like Workshop participation, Salon recognition to clubs and FIP distinctions and honours are a privilege NOT a Right. FIP office can deny any of the above without assigning any reason whatsoever.

All Indian FIP Salon jury members must be a direct member (IM/LM) of FIP.

All new or renewal of FIP membership must be accompanied by copy of a utility bill i.e. Electricity Bill, Telephone Bill, Gas Bill, Vehicle Registration Bill or Voter ID.

Same for the Secretary and President of a Corporate Club.

TO ALL THE WEBMASTERS

Dear friends, Warm greetings from FIP, Patna. You guys are doing a wonderful job as web masters for the salons being conducted under the patronage of FIP. There are certain new rulings which I thought I must share with you.

1. All Web masters must register with FIP by writing a letter to the undersigned with undertaking that they will cooperate with FIP in case of any dispute.
2. All web masters are duty bound to inform the FIP if they found any irregularity in the Salon judging or conduct.
3. The jury panel undertaking the judging must conform to the approved list as per FIP approval.
4. A written statement from all the jury members is mandatory. **"I have read and understood the FIP rules and guidelines (July 2022) and I have agreed to follow it in the letter and spirit in the Salon judging."**
4. All Web masters must cooperate for timely dispatch of SDAS and catalogues.
5. All Web masters must be a FIP member.
6. **All FIP Salon jury members must be a direct member (IM/LM) of FIP.**
6. No organiser is allowed to change the webmaster once the Salon has started.
Web masters are responsible from opening of the Salon till the SDAS. No Web master can be hired on partial basis.
7. **For continuity of information a Salon Must have the same Web master for 3 to 5 years.**
8. The judging platform (soft ware) must remain the same throughout the judging process
9. All entrants must receive their individual scorecards on their respective emails on the day of results simultaneously with the results being posted on the Salon Web site.
10. During the uploading dates entrants' " Status " must be shown on the Salon Web site.
11. All Print Salons MUST accept prints up to 18 " on longer side. Of course 8 x 12 " print can be accepted but larger prints cannot be refused.
12. A grading system for Indian Salons is in the pipe line depending on punctuality, entrant friendliness and discipline .

From the 1st of April 2020

1. Organizers are free to have their own entry fee structure. No more guide lines from FIP.
2. Salon recognition fee has been restructured. Please check the March issue of VF.
3. Mandatory purchase of Medals have been restructured. Please check the April issue of VF.

It has been reported that some webmasters are compressing the image while the file dimension remains 1920 x 1080 to enhance the image opening time. This is highly unethical and wrong. A team of experts from FIP is checking on this and suitable action will be taken against the webmasters who are involved in this.

DISCIPLINE IN FIP

FIP was constituted way back in 1953 with a view to bring more and more photographers under one umbrella to share their expertise, enjoy each other's company and learn from each other.

It has never been our endeavour to stop any person or a group of persons from getting involved in this art form. However, some discipline is important to maintain order in the society and that is why some people's name appear in the Red List.

We have now formalised the norms which will be followed in future

1. Violations of Salon sectional rules and guide lines like adding or removing elements from Travel or Nature or PJ image or use of clone tool : National Salon - 1 year suspension
2. Same offence in an International Salon – 2 years suspension and matter will be reported to FIAP
3. Partial or total copy of other author's image (Plagiarism) in a National Salon or Articles in Viewfinder with or without image without copyright permission – 2 years suspension
4. Same offence in an International salon – 3 years suspension and FIAP will be informed
5. Maligning FIP or any of its Chair publicly or on Social Media – 5 years suspension for any unsubstantiated charges
6. Healthy criticism is always welcome in a socially acceptable language.
7. Anti FIP-- activity 5 to 10 years suspension or dismissal from FIP.
8. Ethics and Disciplinary committee of FIP takes an educated decision on each individual case which is then ratified by the Working Committee .
9. **All major decision of Working Committee and disciplinary actions are discussed and ratified by the Governing Body of FIP as well during the FIP Convention.**

FIP is contemplating online registration of all Salons for FIP Patronage. This will also mean that all SDAS must be downloaded on FIP website. All repeat organizers will only get a FIP patronage number if they have complied with SDAS in past.

- **Any Jury member can judge 12 National Salons and 10 International salons with FIP/FIAP patronage.**
- **New born clubs must provide tangible evidence of photographic activities by their members for the first two years to qualify as a Salon organiser in the 3rd year. The following activities will count–**
 - A. Photo outing and workshops with prior intimation to FIP**
 - B. Members' exhibition and competition**
 - C. Members participation in National Salons and POY Contest. Club's participation in the FIP Interclub competition.**
